### Getting Started Guide

### What is Kurzweil 3000+firefly?

Kurzweil 3000+firefly is a comprehensive literacy solution that provides access to your curricula with a powerful, multisensory approach to learning built on innovative, research-based technology. It provides students with anytime, anywhere access to their literacy supports as well as their content and helps users to Read, Comprehend, and Demonstrate what they've learned.

The Kurzweil 3000+firefly ecosystem includes all of the following components:

- **[Kurzweil 3000 \(Win & Mac\) software](#)** is integrated literacy, text-to-speech software that supports reading, writing, study skills, test taking, research, and more. k3000 can read aloud virtually any text, whether it's in print, in digital format, or on the Web, giving struggling readers independent access to their curriculum materials. It is a [research-based solution](#) that supports [Universal Design for Learning \(UDL\)](#), differentiated instruction, [Common Core State Standards](#) and can be used for individual, small group, and whole class instruction. k3000 software requires installation on a computer or laptop.
- **[firefly web app](#)**, ([fireflybykurzweil.com](#)), is the web-based, text-to-speech literacy companion to k3000. It requires no software installation and offers a very simple, easy to use interface with direct access to the k3000 Universal Library, [Bookshare.org](#), Google Drive, as well as documents on your computer. Firefly is also used for user management and graphical usage reporting.
- **[firefly iPad App](#)**, which can be downloaded for [free](#) at the iTunes store, provides mobile access and a very simple user interface. Search "firefly K3000" in the App Store.
- k3000 Universal Library (unlimited, secure cloud storage) which users can access via Kurzweil 3000, firefly, firefly iPad App; contains 1800+ titles, including Classic Literature and Nonfiction Bookbag.

**The same login is used for all 3 components.**

User Management

<p><b>How to Get to the User Management pages</b></p>	<p>If you are an administrator, you access the User Management pages just like you did in the previous version: after you log in, hover the cursor over the <b>My Account</b> tab and select <b>Users</b> from the drop-down menu. You will see two buttons: <b>My Team</b>, and <b>Everyone</b>.</p> <p>All users on a subscription are visible on the <b>Everyone</b> page.</p> <p>All users that you select from the <b>Everyone</b> page to be on your team are also listed on your <b>My Team</b> page.</p> <p>The firefly User Management will first open on your <b>My Team</b> page. Notice that the <b>My Team</b> button is yellow, indicating where you are.</p>	 
<p><b>Adding Users</b></p>	<p>Click the <b>Add Users</b> tab to add new users. (Use the Students or Teachers tab to include existing users in your My Team.)</p> <p>Type in <b>Last Name</b>, <b>First Name</b>, <b>Password</b> (or leave it blank and the system will create one), Email address, and School/Organization. If the new user is a student, leave the box checked. If the new user is a Teacher, uncheck the box. The new users will be added to the <b>Everyone</b> page</p>	
<p><b>Editing User Fields</b></p>	<p>Editing is easier. All the fields, First Name, Last Name, User Name, password, email address, are editable text fields. When you start editing a field, the line of fields is outlined in yellow and the Save button is activated. Just finish making your edits and click Save. The changes are saved on both the Everyone page and any Team pages the user is on.</p>	

User Management

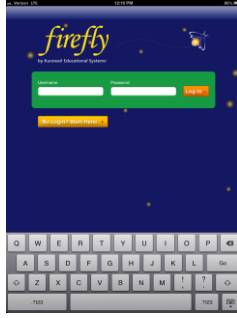

<p><b>Deleting Users</b></p>	<p>To remove a user from <b>Your Team</b>, click the <b>Remove</b> button on the right side to remove them from your team.</p> 	
<p><b>Adding Students to Your Team</b></p>	<p>There are three tabs on the <b>Everyone</b> page: <b>Students</b>, <b>Teachers</b>, and <b>Add Users</b>. Use the search fields to search for a user. Notice that the students who are checked are also on the logged in user's <b>Team</b> page.</p> <p>Adding a user to your team is easy. If the list is long, and you know the user name you want to add to your team, you can search for it. Use the search filters at the top of the page in any column.</p> <p>When you have located the user to add to your My Team page, just check the box next to the user you want to add. Note that you can add more than one at a time.</p>	
<p><b>Open your My Team page and you will see the users that you just added.</b></p>	<p>You can remove users from team by unchecking a user in the <b>My Team</b> page, or by clicking the Remove box on the My Team page.</p> <p>(Note that only the Top Level Coordinator can delete a user from firefly.)</p> <p>As you can see, the accessibility link is no longer needed because the pages are already accessible to screen readers.</p>	

Reporting and Help

<p><b>Reporting</b></p> <p>NOTE: If you are logged in as the Top Level Coordinator, you will be able to see usage reports grouped by School/Org or Account</p>	<p>Hover your mouse over the <b>My Account</b> tab and choose <b>Reports</b>.</p> <p>In the <b>Usage Dashboard</b> enter the date range for your report and click <b>Run</b>.</p> <p>Bar Charts:</p> <ul style="list-style-type: none"> <li>• Amount of Time Logged In (red graph)</li> <li>• Number of Logins (yellow graph)</li> <li>• Number of Downloads (blue graph)</li> </ul> <p>Usage Table</p> <ul style="list-style-type: none"> <li>• School usage</li> <li>• Individual usage</li> </ul>	<table border="1"> <thead> <tr> <th>Accounts</th> <th>Logins</th> <th>Files Accessed</th> <th>Time On Site</th> <th>Role</th> </tr> </thead> <tbody> <tr> <td>Scott Marfilus Total</td> <td>120</td> <td>3</td> <td>11542</td> <td></td> </tr> <tr> <td>Scott Marfilus</td> <td>120</td> <td>3</td> <td>11542</td> <td>Teacher</td> </tr> <tr> <td>Bryce Peterson</td> <td>0</td> <td>0</td> <td>0</td> <td>Student</td> </tr> </tbody> </table>	Accounts	Logins	Files Accessed	Time On Site	Role	Scott Marfilus Total	120	3	11542		Scott Marfilus	120	3	11542	Teacher	Bryce Peterson	0	0	0	Student
